TRAIL LEADS TO NEW YORK

Attorney General Learns That Money
Deposited in Defunct Columbus
Savings and Trust Company Was
Loaned Out of State After Liquidat-
ing Agent Was in Charge and Inter-
ests of Depositors Jeopardized.

Columbus, O., Feb. 21.—Attorney
General Hogan and Prosecuting At-
torney Turner are in New York in-
vestigating an instance of a grave abuse
of public authority and getting fur-
ther light on facts which, if they can
be proved in court, will substantiate
a charge of embezzlement.

Frank E. Baxter, superintendent of
the state department of banks and
banking, now on a leave of absence,
is one of the officials involved. When
Governor Cox last week granted a
leave to Mr. Baxter the public was
given reason to believe his absence
from the department had been decided
upon because of a serious criminal
charge being placed against his brother,
Clem S. Baxter, an examiner in
the department. It develops, how-
ever, that Mr. Baxter the superintendent,
himself has been under investi-
gation, and a network of evidence has
been woven which justified Attorney
General Hogan and Mr. Turner in
going to New York to gather confir-
matory testimony at that end.

The trail of evidence leads from the
Columbus Savings and Trust com-
pany failure on Feb. 26, 1912, to a big
Morgan bank in New York, the Bank-
ers' Trust company.

The unlucky depositors in the Co-
lumbus Savings and Trust com-
pany have been imposed upon, it appears.
Their funds were first so handled that
the bank had to close its doors. Then
a shortage was found in the cash ac-
count. After a year's delay not more
than 75 or 80 cents on the dollar will
be paid back. While the bank has
been in process of liquidation its
funds have been juggled it seems.

The juggled funds have been re-
stored, but they might not have been.
In control of Messrs. Baxter and Sowers,
it seems from evidence dug up
by the prosecutors that \$37,000 of the
total was in jeopardy for a time. It
was taken outside of the state.

which she was starting a fire in the

WILSONS PLACE BAN ON ALL WHITE HOUSE CATS.

Washington, Feb. 21.—There
will be no cats in or around the
White House during the Wilson
administration.

President and Mrs. Taft and
President-elect and Mrs. Wilson
have been in correspondence for
some days relative to White
House plans and arrangements.
In several details, as to service,
etc., the Wilsons let it be known
that they would make no change,
but Mrs. Wilson in a letter to
Mrs. Taft made one stipulation.
She hoped there would be no
cats in the executive mansion
when she and her husband
moved in.

Result—Mrs. Taft sent for a
woman who had done some lit-
tle domestic service around the
White House and bargained with
her to take all the White House
cats away and dispose of them.
It is stated that the felines were
either chloroformed or drowned.

WOODS CLEARS MYSTERY

Tells Guard Probers About Missing
Vouchers For Transportation.

Columbus, O., Feb. 21.—Adjutant
General Wood, today, before the
Gregory committee, investigating the
financial affairs of the adjutant gen-
eral's office, cleared away the mystery
of the missing vouchers, amounting to
\$5799.35, for transportation, in a state-
ment which he made to the effect that
under the ruling of Adjutant General
Weybrecht, all vouchers, over six
months old, were to be destroyed.
The vouchers were for transporting the
Fifth Infantry, Ohio National
Guard, to Chicago for the military
tournament and then to Camp Perry,
the total cost of which was \$5312.10.
There are still vouchers to the amount
of \$467.25 missing.

Wheeler C. Wikoff, special ex-
aminer for the state auditor's depart-
ment, created a mild surprise, by de-
claring that he would not be able to
ascertain the amount of mileage and
transportation used by the state
armory board as no record had been
kept. In his report, he stated that
he had examined the affairs of the
board and found that for a period of
from May, 1909, to January 13, 1913,
the state armory board had cost the
state \$10,061.50, for per diem, inci-
dentals, secretary's expense, and
miscellaneous expense.

SEVEN CHILDREN CREMATED

Harrisburg, Pa., Feb. 21.—Seven
children ranging in age from one to
12 years, were burned to death when
the home of their parents Mr. and
Mrs. George Smith, at Ebenezers, near
here, was destroyed by fire. The
father and mother had been in this
city purchasing supplies for the
family and made the gruesome dis-
covery upon their return.

BARREL HOUSES ARE WRECKED

Baltimore, Feb. 21.—An explosion
in the barrel house of the Texas Oil
company's warehouse at Wagner's

caused a loss which may exceed a
million dollars. A number of people
were injured by the explosion of oil
tanks.

WILSON REASSURES BUSINESS INTERESTS

Declares Corporation Bills Will Work No Hardships.

Trenton, N. J., Feb. 21.—Governor
Wilson gave out a statement of reas-
surance to business men in comment-
ing on certain features of the corpora-
tion bills which he signed recently.
Some of the critics of the bills have
asserted that their effect would be to
make illegal a number of practices
which are necessary to the conduct of
business on a large scale.

The governor's answer to such crit-
icism is that no legitimate methods
are interfered with and that honest
business men need have no fear. He
predicts that the bills will not operate
to the advantage of the big business
man and to the disadvantage of the
small competitor.

President-elect Wilson has not yet
decided to take any part in the sena-
torial fight in Illinois.

SUFFRAGETS OPEN STORE

Will Sell Pure Foods and Expect

New York, Feb. 21.—The suffrage
pure food store at Broadway and
Ninety-fifth street opened and did a
brisk business. Everything about the
little store was painted white, from
the shelves covered with cans and
boxes stamped "votes for women" to
the ice boxes containing butter and
fresh-killed fowl.

Soon a placard will be hung in the
store announcing that all good suffra-
gists will carry their bundles home.
In the meantime the three-wheeled
yellow suffrage pushcart, with "votes
for women" on its sides, is conveying
packages about the neighborhood.

One Mexican State Refuses to Recognize New President.

CONDITIONS ARE FAIRLY QUIET

Ambassador Wilson Reports That
Gustavo Madero Was Shot Without
Orders From Men at Head of the
Government — Knox Refuses to
State Attitude of United States to
New Regime.

Washington, Feb. 21.—The first re-
fusal of a Mexican state to accept the
new-born government in Mexico was
reported to the state department by
Consul Holland, who said that Coa-
huila has repudiated the authority of
General Huerta, the provisional presi-
dent of Mexico.

According to the consul's dispatches
the congress of Coahuila has issued a
decree refusing on constitutional
grounds to recognize the authority of
General Huerta. Reports to the
state department from Mexico indi-
cate that conditions are fairly quiet
and that there is no present sign of
disorder or rebellion against the pro-
visional government at Mexico City.

Ambassador Wilson reported to the
state department that General Huerta
had told him during a conversation
that Gustavo Madero had been shot
by soldiers who acted without orders
to do so. General Huerta repeated to
the ambassador his charges that both
the former president and his brother,
Gustavo, had twice tried to assassi-
nate him, and had held him a pris-
oner for a day.

State Department Mum.

State department officials declined
to say whether the United States
would instruct Ambassador Wilson to
intercede with General Huerta on be-
half of Francisco Madero, the deposed
president, in an effort to prevent his
execution. It is not believed, how-
ever, that the ambassador will be in-
structed to take any steps whatever
to save Madero from the fate which
it is reported hangs over him.

The paramount interest of the Uni-
ted States and other foreign govern-

this time is the restoration of peace
and order in the Mexican capital, with

Washington, Feb. 21.—Democratic
members of the ways and means com-
mittee, after considerable controversy
and the disclosure of varying opin-
ions, have finally decided to report
again in favor of free sugar. The
house leaders are not hopeful of pass-
ing this legislation in the senate, and
realize that they will probably have
to make concessions in that body.
It is expected that the fight over
sugar will be one of the most bitter
in the coming special session.

Opponents of Measure Consoled by

Columbus, O., Feb. 21.—All of the
talk about a mothers' pension in Ohio
may be in vain unless the constitution
is further amended.

By holding that the pension for the
blind, which was provided for in a leg-
islative act in 1908, is unconstitutional,
because it is class legislation, Judge
Thomas M. Bigger caused satisfac-
tion among the members of the
general assembly who are opposing
the mothers' allowance.

This, they say, is as purely class
legislation as the blind pension law,
and as the constitution of Ohio
frowns upon such measures, they see
relief from further arguments con-
cerning it.

Atlantic Coast Life Savers In Action For Stranded Ship

Photos by American Press Association.

WHEN the Norwegian fruit steamer Nicholas Cuneo, outward bound
from New York, was driven on to the Long Island shore during
a terrific gale, the life savers found it impossible to reach the ves-
sel. She was close in, but the high wind lashed the sea into such
a fury that the life savers were beaten back each time they tried to reach the
ship. When the storm subsided the steamer was found nearly high and dry,
and Uncle Sam's men in the cork belts had no trouble in getting the crew off.
The pictures show the life savers in action after the gale had blown over.

SHOOTS THE GIRL WHO REFUSED TO GO TO DANCE WITH HIM

**Blaine Hurley, Colored, Uses Gun
and His Victim, Nina Brandon,
Lies at Point of Death.**

**JEALOUSY AND BOOZE ARE
CAUSES GIVEN FOR TRAGEDY**

**Shooting Occurs on East Temple
Street at 7:35 Last Evening,
and Hurley Surrenders Himself
to the Police After Telling
Friends of His Ugly Deed.**

Jealousy and too much boot-leg whiskey caused a serious shooting affray on East Temple street at 7:35 Thursday night, which will probably end in a charge of manslaughter being placed against Blaine Hurley, colored, who shot and dangerously wounded Nina Brandon, colored, following a quarrel.

As the result of the shooting Hurley is now confined in the county jail and his victim is lying in the Fayette hospital with very little hope of her recovery.

Hurley, who is about 23 years of age and follows the barber trade, is from Hillsboro, but for several years has been making his home here, and when not drinking was quiet and peaceable. He had been calling upon the Brandon girl, who is a daughter of John Brandon of Rawlins street, and is about nineteen years of age.

Thursday night there was a colored dance in town, and it is claimed that Hurley wished to escort the girl to the dance, but she refused, and had planned to go with another young colored man of the city. Hurley, who had been drinking more or less throughout the day, according to some who saw him, was out walking with the Brandon girl, and had reached the corner of Bereman street and Temple and learning that she could not escort his companion to the dance, he became angry and quarreled.

It is claimed that the girl started to leave him, and he pulled a 32 caliber revolver, soaked her and placing the gun almost against her body, pulled the trigger. She uttered a wild scream and fell to the sidewalk, while Hurley turned and fled, throwing away the gun in his flight.

Assistance arriving, the wounded girl was carried to her home and physicians summoned, who saw that an operation was necessary as a last resort to saving her life, and McCoy's ambulance was summoned and transferred her to the Fayette hospital.

Meanwhile Hurley had come on up town to give himself up, and before he saw an officer, told friends that he had shot the Brandon girl. He was arrested by Patrolman Bell and lodged in the county jail. Just before entering the jail he took a last look at the town clock, and it was 8:20. "I want to see what time I enter the jail, for I may be in prison two years, six or eight, or longer," he said.

In the operating room of the Fayette hospital the physicians worked until nearly midnight, making an incision where the ball entered a few inches below the heart, sewing up two holes in the stomach, also dressing wounds made by the ball where it passed through the pancreas and

edge of the liver, and lodged in the muscles of the back. The ball was not recovered.

Friday the girl was in a very critical condition, with her death expected at any time.

At the county jail Hurley is taking the affair very coolly, and it apparently does not worry him in the least.

According to statements of one colored man, Hurley had been carrying the gun all day, and had threatened to use it upon two young colored men of the city.

At 2:30 o'clock this afternoon the victim was no better, and there had been little change in her condition since she rallied from the operation.

HOW TO GET STRONG.

A Simple Remedy.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cods' livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

SOUTHERN THEATER.

Columbus.

One of the most important dramatic engagements of the present theatrical season at the Southern theater, Columbus, will be that of Mrs. Leslie Carter, the famous emotional actress, who will be seen at this house on Monday and Tuesday, February 24 and 25, in a repertoire of the plays in which she has made her most pronounced success. Mrs. Carter will offer, during her engagement at Columbus, "Zara" for the opening performance. In this powerful drama, Mrs. Carter will play the part of a French actress and singer. In the piece will be shown a scene which is an exact duplicate of a stage dressing room in a celebrated French theater. At the Tuesday matinee, Mrs. Carter will present Dumas' ever popular drama, "Camille," and will give "The Second Mrs. Tanqueray" at the Tuesday night performance. Wherever Mrs. Carter has appeared this season, she has been the recipient of the most eulogistic press notices.

Seats for the engagement are now selling. All mail orders will receive prompt attention, and should be addressed to the Southern Theatre, Columbus, Ohio. Prices range from 25c to \$1.50.

GEO. WASHINGTON'S BIRTHDAY, FEB. 22

IT'S a god thing for all of us, at certain times, to pay honor to the Nation's great men. We want our young people to feel the inspiration of such patriotism and devotion to great ideals as these men showed.

There's no better way to accomplish this than for all of us, business men, parents, teachers, to make a point of celebrating such days as Washington's and Lincoln's birthdays. It shows that we consider such men more than a mere historical name.

We can all be patriots such as they, even in our local affairs. There's nothing too small or unimportant to do in that spirit.

B. & O. Make s Good Showing

The January report of the Baltimore and Ohio shows these figures: Operating revenue, \$8,404,005, an increase of \$1,833,883, compared with last year; total operating expenses, \$6,303,990, an increase of \$1,032,096, and net, \$2,100,015, an increase of \$801,787.

For the seven months of the fiscal year the figures are: Operating revenue, \$60,853,343, an increase of \$7,360,837; operating expenses, \$42,729,100, an increase of \$5,398,416, and net, \$18,124,243, an increase of \$1,962,421.

Outside operations are not included in the January figures. It is estimated that the outside operations will show a deficit of \$85,000 for this year, compared with a deficit of \$66,509.19 for the same month of last year.

SURPRISE TEACHER.

Mrs. Geo. Bryant's Sunday school class tried to surprise their teacher Thursday, the occasion being her birthday anniversary. However, Mrs. Bryant got an inkling of what the youngsters were up to and was prepared for them. They had a jolly good time, with piano and phonograph music and dainty refreshments. Little red hatchets were given as souvenirs. The class presented Mrs. Bryant with a beautiful piece of gold and white Haviland china. This class belongs to the East End Sunday school and has 38 little girls enrolled.

Important Meeting Of Presbyterian Congregation

Adopt Term Plan for Officials, Placing Boards of Elders and Deacons on Rotary Basis. Vote Unanimously in Favor of Not Asking for Dissolution of the Present Pastoral Relation.

A meeting of more than ordinary importance was held at the First Presbyterian church in this city Thursday evening, when action was taken on the resignation of Rev. W. I. Campbell, and the reorganization of the board of elders and deacons, placing the boards on a rotary basis. It was a meeting of the congregation, and the first business considered was on the question of "shall the congregation join with the pastor in his petition to the Presbytery to dissolve the pastoral relation?" and the vote was unanimously in the negative. Messrs. Ray F. Zauer and J. T. Tuttle were then appointed delegates to attend the next meeting of the Presbytery, which takes place in the First Presbyterian church at Chillicothe on March 4th, and report the action of the congregation with reference to the resignation of Rev. Campbell.

By unanimous vote it was decided that henceforth the term plan for all officers of the church be in effect, and that the number of active deacons should be limited to six, and that at the next congregational meeting, to be held next Thursday evening, by-laws be adopted covering the term plan above mentioned. The length of service or of the term, will also be decided at the next meeting.

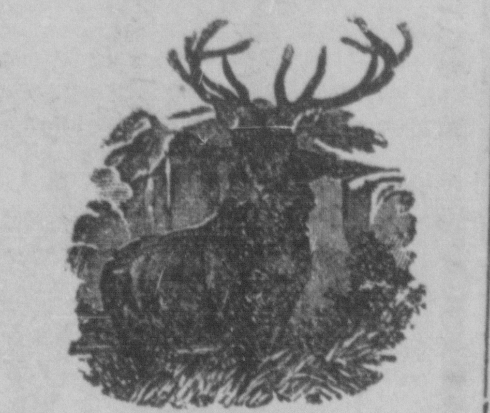

A report was made stating that the church is not incumbered by any indebtedness whatsoever and a vote of thanks was given Dr. G. W. Blakeley for the efficient service rendered in securing payment of the church debt while another vote of thanks was extended to the board of deacons for their excellent services in the past. The officers were also thanked for assisting in promoting the reorganization of the boards as they had done.

The plan of placing the boards on a rotary basis greatly modernizes the plan of conducting the church affairs, and the boards will consist of seven elders and a board of six active

deacons, and the remainder inactive, there now being seventeen deacons in the entire board.

One Has Gone; Many Have Come.

Gloomy forebodings are deservedly unpopular but there are times when conditions must be looked squarely in the face and attention called to those conditions. There are times when optimism, never able to change ugly facts, is wholly useless to fend off the consequences bound to follow existing conditions.

The American people, in fact all law abiding people everywhere, would be glad to really believe that the overthrow of the Madero government in Mexico, marks the end of fighting in that long disordered nation.

Much as that result is desired, present conditions, taken in connection with the history of the Mexican people, do not warrant any such rose colored view. In fact the conditions at present existing are just about as ugly as they could be and the future which those conditions prophesy is blackened by probable disorders of all sorts.

The nation is absolutely without a government. With the going of Diaz came Madero and the form of government was preserved. With the passing of Madero the last vestige of government is destroyed and in its place is reared the absolute despotism of a military dictatorship and a military dictatorship which is already broken into fragments.

General Huerta in Mexico City has proclaimed himself dictator with the consent of Diaz. In the north, Orozco announced that his revolution will go on. In the South, Zapata insists that his forces will continue to fight.

The gloomy foreboding of Madero following his arrest. "What I have gone through in the last year and a half would be the experience of anyone who might succeed me," seems doomed to be proven true.

Intervention by the United States or some strong nation to protect life and property and restore order in the distracted land seems nearer now than ever before.

The Madero government is gone and one excuse for war is removed, but in the place of the one government destroyed has arisen not one, but many others—with the passing of one excuse for armed rebellion has arisen a number of excuses to continue those already begun and for starting others.

Unless an iron-handed tyrant with the genius and ability to enlist and hold some considerable portion of the disorganized army forces, loyally under his banner, arises soon in Mexico, peace will not be restored to the plunder crazed Mexican populace.

The Mexican people are wholly incompetent to work out peace on any line. It remains for a tyrant to arise and subdue them or for a foreign power to take charge.

Developments in Mexico promise to be rapid from this time forward, but the world need look for no relief at the hands of the Mexican people. They are stampeded. Government with them is a useless ideal.

"What I have undergone * * * will be the history" of the next president. Madero never uttered a greater truth.

Adieu to Old; Welcome to New

After nearly two decades of service in active newspaper work in Fayette county, Mr. Joseph G. Gest, has disposed of the Fayette Advertiser and positively announced his retirement from the local field of journalism.

Mr. Gest for eight years or two terms served the people of this immediate community as postmaster and his record in that position is a splendid proof of his efficiency.

With the exception of the time he served in the office of postmaster at Washington, there has never been a time, during his twenty-five years residence in this city that Mr. Gest has been wholly dissociated with a local newspaper until the present time.

He is known primarily in this community as a newspaper man and a good one too. Mr. Gest is an able editorial writer and a gentlemen in private life and conducted his newspaper as a gentleman, refusing absolutely at all times to descend to the low level of using his newspaper columns to work out personal spites and envies.

His success in the local field of journalism as editor of the Cyclone and Fayette Republican and later as the editor and proprietor of The Fayette Advertiser, the reputation for clean, honest, able journalism in the most trying of all, the country newspaper field, is proof positive that it is not only a satisfaction when the pen is finally laid aside, but a good business proposition to conduct a newspaper along the higher lines.

In quitting the local field Mr. Gest leaves a large circle of admirers and friends who enjoyed his writings and his personality and regret his departure.

For the present it is only certain that Mr. Gest has quit the local newspaper field. His plans for the future have not been made public.

His successor takes control of a newspaper which Mr. Gest has given a name and a reputation, and his success with The Advertiser depends entirely upon Mr. Galvin.

He comes here from the neighboring county of Greene, and brings an excellent reputation with him as one of his chief possessions, and looks good.

The Herald bids adieu to the man who lays down the pen and welcomes his successor, wishing for both that their cup of happiness and success may be brimming full with the good things which merit alone can bestow.

Poetry For Today

Separation.

She loosed her clasp of my trembling hand
And glided swift to the Unknown Land;
That land unseen is a garden fair,
And, by and by, I shall meet her there—
Shall I call her back where the winds blow chill,
She, who may gather its sweets at will?
Nay—I will wait for her whisper low,
And when she beckons me—I will go.

She loosed her clasp of my trembling hand
The better my love to understand;
No mysteries dwell in that far-off sphere
Where light celestial is ever clear.
From land unseen by the crystal sea,
There earthward floats sweet melody,
She tastes the joys that I long to know—
And—when she beckons me—I will go.

She loosed her clasp of the trembling hand
That may know her touch in a Promised Land;
The Father who chastens hears my prayer,
He has us both in His tender care.
He gives me faith for a vision clear,
A glimpse of His Heaven even here,
I'll work and wait till He whispers low—
Whenever He calls me, I will go.

INTERESTING BITS OF NEWS

An item from Athens county: It has been reported that three or four boys, some of them one would hardly suspect the parents would allow such conduct, being only about 13, and having been in the habit of filling up on a neighbor's hard cider and then going to church on Hoppers and the debates and acting the baddest kind. Saturday night during church one of them disgraced himself and it was said Sunday that the next offense would be prosecuted and also the farmer would suffer.

Mrs. Rebecca Hines, an aged woman of New Vienna, died last week. She was supposed to be in extremely poor circumstances as she lived in a manner indicating that she could hardly exist. After her death, accidentally a hiding place was discovered containing money, and a further search brought to light the astonishing sum of \$6,592.61 hid about the house.

Down at Lees Creek they have outgrown their fine school building and will vote soon on a \$15,000 bond issue for the construction of a new High school building.

The C. H. & D. railroad is preparing to eliminate grade crossings through Piqua at an immense cost. It is claimed it cost the Pennsylvania \$2,000,000 for a like improvement.

The troubles of Congressman J. D. Post has begun. A postmaster in Miami county has resigned and the vacancy will have to be filled soon after President-elect Wilson takes his office. Already the political plot in the northern county is boiling and considerable activity is being indulged in to get Mr. Post's indorsement.

Gold Discovered In Lone Star State

The Times-Star recently published an article mentioning the finding of gold in Texas and several people of Cincinnati and vicinity who own land in that neighborhood. Among those named was J. W. Watts of Hillsboro, says the Hillsboro Dispatch.

When interviewed on the subject, Mr. Watts stated that he has received several papers from Pecos, Texas giving account of the gold discovery as follows: It appears that a farmer in Pecos county, which is near the New Mexico line, was drilling for water and at a depth of about 60 or 70 feet indications of gold were found. Upon close examination a vein or lead 16 inches in diameter was located which assayed \$500 to the ton.

Mr. Watts bought a section of land in Pecos county about three years ago and thinks it is within a short distance of the gold-land discovery. However, he is not at all excited over the find and says that he will be perfectly satisfied to sell his land at a fair advance over the cost price.

The Harrison (O.) Journal of February 13th says:

Indications point to a great rush of miners and prospectors to the Barille valley in Reeves county. There is no longer any doubt of the finding of gold.

It is as assured as anything human can be. The evidence as been gathered, the facts ascertained, the assays made and the startling conclusion reached that almost immediately at the door of Pecos is located a new great gold and silver mining section; assays show a yield of \$500 to the ton. The article in the Pecos papers further states that five car loads of people arrived there Satur-

At the Empire

"Brewster's Millions" which comes to the Empire tonight, is the result of a unique and original idea. Most people find it a task to accumulate a million dollars in a year—strange as it may seem in these days of endless chain fortunes—but "Monty" Brewster has the rather hilarious occupation of spending that amount in 12 months. On this idea the play was founded. It is carried through four acts with increasing action and amusing situations, the great climax coming in the third scene with the great yacht, and sea-storm effect, a piece of stage realism that has been as much discussed as the play itself.

Makes Settlement With the State

The state's portion of the taxes collected in this county in the December collection, reaches the sum of \$8,398.90, representing what the state draws from Fayette county for the six months ending December 31, 1912.

The money for the various state funds is divided up with \$619.68 in the sinking fund, \$1526.09 in the university fund and \$6,196.82 in the state common school fund. The depository interest on the various funds was \$55.31.

But the county secured from the state the sum of \$7,040.36 for various purposes, \$6,229 being paid to the county from the state common school fund, and \$811.36 for interest on the Virginia Military school fund, so that the actual amount sent the state by Auditor Henkle, was \$1,358.54, which represents the difference between the amount due the state and the amount due Fayette county from the state.

Something About A New Business

People in towns and small cities perhaps do not appreciate the rapid advance made in the new moving picture industry. In towns like our own all recognize that the attendance upon this form of amusement, which has been available for only a few years, has increased to a remarkable degree, but the following figures relative to the national scope of the industry is really astonishing. For instance—the American people are spending \$500,000 a day on moving picture shows. In the United States there are 20,000 places devoted to this form of popular amusement.

The moving picture industries and the varied business represents an investment of \$200,000,000. Truly, the industry is fast becoming a great factor in our living. Thousands of small theaters are springing up about the country seemingly in a night. Still the cry goes up for players and writers of the motion-picture drama.

Word comes to us from the laboratory of "Wizard" Edison in East Orange, New Jersey, of an invention which will create a new interest in motion picture drama. In a few weeks Edison will demonstrate his "Kinetophone" in New York. The Kinetophone is a machine that works in harmony with the moving picture, and adds to the realism of the voice of the actor, while the scene is being thrown upon the screen.

A Columbus, Ohio man has perfected a screen that obliterates the flicker of projected pictures. In Cleveland a double-show moving picture theater has been recently opened. Twin shows are run simultaneously, the theater having two picture screens and two machines. The patrons enter at one side and witness a complete program. At the conclusion of this show they may move to the other, and see an entirely new set of pictures.

An interesting phase of the moving picture invasion has also just developed in Germany where the Chief of Police of Berlin has issued an order forbidding children under 14 years of age from going to moving picture shows for the announced reason that many of the films are "unpatriotic" because they are foreign and increase the violent admiration of the average German for things English and American.—Exchange.

THREE BUILDINGS ADDED TO CAPITOL

They Will Supplement the Building Design Prevalent in Departmental Structures

ESTIMATED COST OF \$8,000,000

Sixty Architects Competed in Drawing Plans from Which Three Were Selected as Suitable—Greatest Building Scheme in the World.

Washington, D. C.—The officially approved plans for the new government buildings advocated by the present administration were made public recently.

They provide for the erection of buildings for the Departments of State, Commerce and Labor and Justice, on a site that lies between Fourteenth and Fifteenth streets and extends from Pennsylvania avenue south to the Mall, which runs from the Capitol to the Washington monument.

Interest is attached to the project, for it is considered by experts the greatest building scheme in the country and one of the greatest in the world, because it looks toward the erection of a group rather than a single unit with harmony in the aggregate as its ultimate result.

In seeking plans for the buildings the government inaugurated a competitive contest, sending invitations to some sixty of the leading architects of America asking them to submit designs. These plans were then placed before the board of examining architects who selected three of the most suitable, awarding to Donn Barber the Department of Justice; to York and Sawyer the Department of Commerce and Labor and to Arnold W. Brunner the Department of State.

In exterior design the three buildings are similar in character, each employing columns three stories in height set upon a windowed wall and architectural "basement." This wall is one story high in the case of the end buildings and two stories high in the central one, thus correcting the dip of the ground and raising the three colonnades to the same level.

While ornamental in appearance, the buildings are of the utmost simplicity and no fancied needs of "architectural expressions" have been allowed to interfere with the practical requirements of lighting and arrangement.

From Pennsylvania avenue on the north the principal feature of the front will be the entrance portico of the Department of Justice, from the Monument ground of the Mall, that of the State department.

The building of Commerce and Labor, forming the connecting link, is a simple rectangle, its lines being unbroken by any dominating feature. Its main entrance is on Fifteenth street, but its entrances for the employees are from the sidewalk of Fourteenth street on a level with the car lines. It will probably be two years before the new buildings will be completed.

PLAN FOR LINCOLN MONUMENT.

McGonigle Would Erect the Largest Arch in the World.

Washington, D. C.—A meeting of the Lincoln Memorial Commission held at the White House considered the various suggestions for the proposed \$2,000,000 monument to Lincoln. One of the designs submitted was that of H. Van Buren McGonigle of New York City, designer of the recently erected monument to William McKinley at Canton. McGonigle's suggestion is that an arch, the largest in the world, be erected in the capital. His design proposes a marble or granite structure 170 feet high, 180 wide and 132 deep, the upper portion containing a hall to hold Lincoln relics.

Mrs. Whitney's Cigarette Case.

Providence, R. I.—Following the arrest in Boston of Israel Davis, charged with the larceny of a \$1,500 diamond necklace belonging to Mrs. Payne Whitney of New York City and the recovery of the necklace, Mrs. Whitney's gold cigarette case and several small articles of jewelry were found by the police of this city in the home of Rufus Davis, a cousin of the man under arrest, on Garrison street.

Railroads Abolish Public Cups.

Baker Men Urging Bill

(Continued from Page One.)

The resolution also provides a change in the organic law so representatives and senators shall be elected separately from districts—each elector voting for one senator and one representative—and makes provision for a statutory change relative to the organization of county and township offices.

All the speakers favored the appointment of all state officers excepting governor and lieutenant governor. Mr. Garfield declared that opposition had been raised to the short ballot on the ground that it would defeat the intent of the initiative and referendum amendment. This, he said, was unfounded.

Tuesday Remains Election Day.

Unless further change is made in the Lowry measure relating to primary elections, Tuesday will continue to be the day on which such elections shall be held. Early in the week an amendment was offered to change the day to Saturday.

Representative Lowry set Monday as the day, but Representative Black of Wyandot county made a fight to change it to Saturday, contending it was the day that would be most acceptable to farmers, traveling men and factory employees.

Several members of the house, however, said that Saturday was a day that was observed by Jews and Seventh Day Adventists as their Sabbath. Tuesday was agreed upon. The bill now goes to third reading. Briefly, the measure provides primaries shall be held the last Tuesday in August each year, except for the selection of delegates to the national conventions, for which primaries shall be held the first Tuesday in April every four years.

Governor Cox was among those who heard the address of Mrs. Phillip Snowden, wife of a member of the British parliament, before the Ohio house of representatives. Mrs. Snowden spoke for nearly an hour on the subject of woman suffrage and was given a cordial reception.

The governor listened attentively to all she said, and applauded her. Mrs. Snowden was generous in her praise of American life and its institutions and drew many comparisons of conditions in this country and Great Britain.

Mrs. Snowden told of industrial and social conditions in her native land and said it was for the betterment of those conditions that the suffragets are fighting for the ballot.

Oddie Signs Divorce Bill.

Reno, Nev., Feb. 21.—Governor Oddie signed the new divorce law and it is now upon the statute books of Nevada, effective next Jan. 1.

risking his historic reputation.

For if there ever was anything like
it it certainly wasn't around this
neck of the woods.

Ever since their inauguration the
Men's George Washington suppers
have been in a class by themselves,
and their past records reached the
high water mark.

But the one of last night outstrip-

It was a wonderful supper. It was
a supper that taxed even the capac-

was provided with a bountifulness
that was the amazement of the
throng.

Twelve hundred and twenty-seven
plates were filled and the last as gen-
erously as the first. There were 800
pounds of turkey, there were 4,000

beautifully decorated with graceful
clusters of sweet peas, carnations and
fern, and hundreds of tiny flags re-
volving in wheels overhead. Tiny
flags were given as favors.

Nor was the scene in the auditor-
ium and Sunday school room less
brilliant, with one of the largest au-
diences ever in the church comfort-
ably seated for a concert program
given throughout the evening. Mr.
Chas. Johnson's orchestra played
beautifully a program that was a
real concert treat and Mr. Frank
Horstman, whose piano playing is
wonderfully brilliant and popular, in-
terspersed with solos that were en-
cored again and again.

Long after they had been served
people lingered to enjoy the music
and the attractive sociability which
is always a drawing card in connec-
tion with the men's suppers.

In the Sunday school room the
Queen Esther girls and the Sunday
school classes of Mrs. Wm. McClain
and Mrs. Harry Rowe held successful
sales of home made candy and do-
mestic articles.

The marvelous way the crowd was
handled was the result of long expe-
rience and able direction. Col. B. H.
Millikan, chairman of the managing
committee ever since its organiza-
tion, while not able to give to it per-
sonal direction, had exercised master-
ly supervision nevertheless, and not
a day but the committee had received
advisory letters for him in Columbus.
They feel deeply indebted to him for
valuable assistance. Mr. Geo. Haynes
was vice chairman; J. Earl McLean,
treasurer, and Dr. Clayton Lanum,
secretary of the managing committee.

The dining room managers were:
Messrs. John Green, M. B. Shank and
Dr. Clayton Lanum, and in the audi-
torium Messrs. S. A. Pyley and Ar-
thur Pyley.

Messrs. Henry and Herbert Brown-
ell and C. E. Lloyd had in charge a
system of numbering which was par-
ticularly commended.

Rev. F. E. Ross acted as chairman
of the reception committee and Mr.
Chas. Johnson, of the music com-
mittee.

Mr. George Bryan, chairman of the
supper committee, was prevented
from attending by his father's illness,
so Mr. Phil. E. Rothrock stepped in
and carried off the charge of the
kitchen in good shape.

The Red Bird coffee, donated by
the Midland Grocery Co., was served
by a Washington boy, Carl Bishop,
now its agent.

The supper menu with its generous
supply of turkey and everything that
goes with it, brick ice cream, deli-
cious cake, real country cream and
butter was the best ever.

The flaky hot biscuits, made by
Emma Marchant, assisted by Loreen
Woodson, made a tremendous hit.

The efficient chairmen of the var-
ious tables were Will Campbell, W.
H. Dial, John Meriweather, Charles
Gerstner, R. C. Peddicord, Mart L.
McCoy, Wm. Bishop, Bert Ellis, D.
L. Thompson, Henry Link, J. E.
Mark, Wm. McLean.

Long-lost Roll Is Recovered

Nearly two years ago, W. A. Gall,
a merchant of Highland county, lost
his purse containing \$627 in paper
money and checks aggregating \$125,
and diligent search failed to locate
the missing wallet.

This week while a neighbor was
cleaning out an old shop near the
Gall residence, he found the wallet
with the money intact, and turned it
over to the owner, who will have
the decayed bills redeemed.

Benjamin H. Parrett Pioneer Citizen Dies This Morning

Mr. Benjamin H. Parrett, one of
Fayette county's pioneer farmers and
highly esteemed gentlemen, answered
the eternal summons early Friday
morning at the Parrett homestead on
the Jeffersonville pike.

Mr. Parrett has spent his entire
life at this homestead, where he was
born 89 years ago, and was affiliated
with Fayette's early history and ac-
tivities.

When only thirty years old he be-
came slightly deaf and this affliction
grew, preventing him from taking
public part in improvements in
which he was greatly interested.

His death came as a peaceful cli-
max to the years rapidly approaching
the century milestone and was en-
tirely due to old age and its loosen-
ing hold of life.

When the young grandson who
gave him devoted care visited his
room at three o'clock Friday morn-
ing, Mr. Parrett seemed as well as
usual. When he was called to break-
fast no answer came, and during
those few hours he had quietly slipped
away. Just three years to the
day since his wife died.

He leaves five children, one son,
Mr. S. E. Parrett, of this city, and
four daughters, Mrs. Robert Miller,
of Boston, Mass.; Mrs. Will Hays, of
Urbana; Mrs. Frank J. Wood, of Lon-
don, and Mrs. Chas. McCoy, who
made the home for him during his
last years.

Funeral services will be held Mon-
day at 10 o'clock, at the residence
on the Jeffersonville pike. Burial in
the family lot at the Washington
cemetery.

Another Pioneer Citizen Answers Final Roll Call

Mr. Jonah Sessler, aged 84 years,
died at seven o'clock Thursday night
at his home near Luttrell in Jasper
township, after suffering for two long
years.

Mr. Sessler was one of the best
known and wealthiest citizens of the
Luttrell community, and leaves a host
of close friends, besides a sorrowing
wife and a large family of children,
all of whom are married. He was
born and spent practically all of his
life in the neighborhood where he
died.

Funeral arrangements have not yet
been made.

Department Out On Third Alarm

Shortly after seven o'clock Thurs-
day night an alarm of fire sent the
department to the residence of I. C.
Rhoades on Sunnyside, where some
clothing had ignited from a defective
flue.

The fire was out by the time the
department arrived, and no damage
resulted.

Jeffersonville Secures Experimental Delivery

Bears Distinction of Being the Only Town of Its Size in the United States to Have Regular City Delivery of Mail, and Is Only Third Class Office in Three States to Secure Service.

Through the efforts of Postmaster W. W. Williams, of Jeffersonville, that enterprising town of a few over 700 souls has won an honor accorded to no other third class office in a town the size of Jeffersonville in the United States, and it is the only third class office of any in Ohio, Indiana and Kentucky which will have experimental city delivery, under a recent act of Congress, which set aside a certain sum for experimental purposes along the line of free delivery in the smaller towns.

Under the act only one third class office in Ohio, Kentucky and Indiana could have an experimental city delivery, and Postmaster Williams took the matter up when it first came to his attention, with the result that Friday he received a letter from the Postoffice Department stating that the department had awarded the service to Jeffersonville, to commence on March 1st, 1914.

One carrier will be employed at a salary of \$600 per year, and some three deliveries will be made each day, so that the citizens of Jeffersonville will enjoy an even better service than many of the cities, including Washington. George F. H. Birdseye, general inspector of Cincinnati, will be in Jeffersonville within a few days and look after the new service, which will cover a period of at least one year.

So far as know no other town of less than 1000 population will have city delivery and the citizens of Jeffersonville are much elated over the prospective service.

Fine line of fat young chickens and hens at the Washington Meat Market.

"The Passion Play and Players" will be the theme of Rev. P. J. Hennessey at East End chapel Sunday evening at 7 o'clock. You are invited.

Millionaire Poet Gets Half Page

John Bryan, Green county's eccentric millionaire, dreamer, philosopher and writer of tales, has again broken into print. He probably paid to thus break into the limelight of publicity, but that is neither here nor there, for the fact remains that he "broke in." In a recent issue of the Enquirer he occupied over half a page for the purpose of presenting to the public a "Valentine," written and addressed to a beautiful Ohio girl named Nelle exactly twenty years ago. This "Valentine," which is said to be the most beautiful thing a man ever said to a woman, is entitled "Mating Day." It is in two verses, and is illustrated with several doves perched in one corner, and

R. R. MEN TAKE NOTICE.

Conductor S. L. Miller, Norfolk, Neb., on Bonesteel Division of C. & N. W. Ry. Co., recommends Foley Kidney Pills and says: "I have used Foley Kidney Pills with very satisfactory results and endorse their use for any one afflicted with kidney troubles. They are all right." All railroad men are prone to kidney and bladder troubles, due to the constant vibration of the cars. Foley Kidney Pills are a bracing and strengthening kidney medicine that will always help. No habit forming drugs. Blackmer & Tanquary. Adv

a woman seated in a rocky dell in a pensive mood, with a small cupid hovering in the background.

This illustrated "Valentine" is one page from the many volumes which will eventually include Mr. Bryan's literary lifework. According to Mr. Bryan's own statement, the volumes will contain fables, allegories, witty anecdotes, poems, subjective essays, short stories, two philosophical novels, geographical discoveries, the geography of religions, the geography of civilization, needs and kind of government, descriptions of mechanical discoveries that will largely advance the economics of mankind, successful experiments in agriculture, the magnetic zones and variation and dip of the magnetic needle and description of the ultimate development of civilization.

The first edition of all Mr. Bryan's works will cost about \$20,000 it is stated in his announcement in the Enquirer. The edition will number only five sets at \$4,000 a set.

The long and peculiarly interesting statement in the Enquirer concluded as follows: "Mr. Bryan is in perfect health, except he has been wounded physically many times by other people, and is financially substantial, though others have taken thousands of dollars from him. He hopes he will live to complete his great works."—Xenia Gazette.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. Many a good sermon, lecture or concert, is spoiled in the same way. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey & Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. It is a splendid household medicine and contains no opiates. Blackmer & Tanquary.

Suffraget Army Greeted at Wilmington by College Cadets.

Elkton, Md., Feb. 21.—The day of rest in Wilmington for the suffraget hikers was a godsend to everybody, and they bowed out of Wilmington at much cheerfuller pace than that with which they toiled in.

Delaware college boys gave an impressive exhibition of southern chivalry in their reception to the suffrage army. The entire cadet battalion of about 200 boys, with their rifles at right shoulder arms and headed by their band, marched out about two miles to meet the army. At a crossroads they stacked arms and waited for the suffrage army to appear.

Automobiles crowded with Newark suffragists, fluttering with yellow pendants and streamers, dashed up and down the road, bringing back news as to the progress of the army. When the approach of the army was finally announced the cadets shouldered their rifles, in readiness to escort it. General Jones was the first to appear, with the other marchers close behind, except Colonel Craft, whose feet gave out and compelled her to drop behind, but she managed to overtake the army while they lunched in Deer Park inn.

GRIMMELL BACKSLIDES

Operation on Brain Fails to Cure Man's Criminal Tendencies.

Buffalo, N. Y., Feb. 21.—Edward E. Grimmell, the criminal whose skull was opened by brain experts and its contents rearranged so that he would be reformed, was found guilty of burglary and will probably be sent away for life as an habitual criminal.

He has a long police record. Once he escaped from detectives by climbing out of a car window and lying on the roof of the train until it came to a station. He was in Clinton prison in March, 1909, when he went to the authorities with the proposition that his brain be fixed up so that he would be forever good. He said that when he was 14 years old he sustained a fractured skull and became a bad boy right away. The operation was performed and he was paroled in January, 1912, and hailed as a victory of science over crime. In January last he was caught cracking the safe for which he was sentenced.

Boys Admit Mail Theft.

Mansfield, O., Feb. 21.—Earl Levere, 13, and William Hutzelman, 11, were arrested and confessed that for two weeks they have been opening the combination lock boxes at the post-office and removing letters and packages, many containing valuables. Merchants have complained of non-arrival of checks and packages of merchandise. The boys were able to work the combinations on more than 50 boxes.

HAVE COLOR IN YOUR CHEEKS

—BE BETTER LOOKING—

TRY OLIVE TABLETS.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

These Olive Tablets act on the bowels—yet have no oily taste. They are a vegetable compound mixed with olive oil.

If you want a clear pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after-effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

"Every little Olive Tablet has a movement all its own." Take one or two nightly and note the pleasing results.

GOVERNOR TO ATTEND
CORN BOYS REUNION

"Put" Sandles Also on Program at Van Wert Banquet.

Lima, O., Feb. 21.—Prominent state officials, including Governor Cox, members of the finance committees of the house and senate and Secretary of Agriculture Sandles are visiting here today for the purpose of inspecting the state hospital for criminal insane.

In the evening the party will be guests of honor at the first annual corn boys' banquet at Van Wert. The banquet is under the auspices of the business men of the latter city. Eighty-three boys recently entered in the corn contest will be in attendance. Governor Cox, Judge Hughes, Secretary of State Graves and the originator of the corn contest, "Put" Sandles, will be the principal speakers.

ATTORNEYS ENTER DENIAL

Declare McCaskey Register Company Has Clear Legal Record.

Canton, O., Feb. 21.—Attorney for the McCaskey Register company gave out a denial of any illegal action on the part of the company, as charged in the federal suit brought at Cleveland. They call attention to the fact that the company has twice been exonerated by attorneys general of Ohio on actions brought charging substantially the same things as set forth in the federal case. The latest charges, they say, are merely a reiteration of the old ones in a different form.

What Wickersham Charges.

Cleveland, O., Feb. 21.—Sensational charges of violation of the Sherman anti-trust law are made against the McCaskey Register company in a civil suit filed here by order of Attorney General Wickersham. To acquire a monopoly of the interstate and foreign commerce in the sale of account registers, appliances and systems for keeping credit accounts, the company, its officers and agents, it is charged, wrongfully and fraudulently have obstructed and expressed their competitors, bribed their employees, employed agents to spy upon the business, have waged an unfair campaign of patent suits and threatened suits, and of other unlawful methods to stifle competition.

Mrs. S. S. S., Van Buren St., Kingston, N. Y. (full name furnished on application) had such decided benefit from using Foley's Honey & Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey & Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." Remember the name Foley's Honey & Tar Compound, and refuse substitutes. Contains no opiates. Blackmer & Tanguary.

ARBITRATORS MEET

Fail, However, to Pick Third Man to Settle Fireman's Wage Dispute.

New York, Feb. 21.—Vice President W. W. Atterbury of the Pennsylvania railroad, the arbitrator chosen under the Erdman act to represent the eastern railroads in the arbitration of the firemen's demands, reached this city. He held a preliminary conference in the Waldorf-Astoria hotel with Albert Phillips, vice president of the Brotherhood of Locomotive Firemen and Enginemen, the arbitrator chosen by the firemen, over the question of appointing the third arbitrator to complete the board, but they came to no conclusion after going over a list of names.

Meantime the officers of the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors are preparing to meet the conference committee of the railroads, to take up their demands, which were made some time ago, as soon as the arbitrators have announced their award in the case of the firemen.
